MEDICINAL TYPHOID GERMS.

The microscope shows that in the blood of every person suffering from typhoid the little germs can be found as shown above. They are supposed to get into the water or milk we drink. The germs multiply so that one germ is capable of producing about one hundred trillion germs in twenty-four hours. That is why if they ever get into the water supply of a town they multiply so fast that nearly everybody drinking the water comes down with the disease. There are exceptions, however, and these are the persons whose health is perfect, whose blood is pure, and liver active. When the germs get into a healthy body they are thrown off with the other poisons. Recent Chicago statistics show that one-eighth of all the deaths in the past two years in that city have resulted from pneumonia.

The best advice we can give is to put the body into a perfectly sound healthy condition. Be assured that you have rich, red blood and an active liver.

Many years ago Dr. R. V. Pierce, who is consulting surgeon to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., found certain herbs and roots which, when made into an alternative extract (without the use of alcohol), seemed to be the very best means of putting the stomach, blood and vital organs into proper condition. This seemed to him as close to nature's way of treating disease as it was possible to go. For over a third of a century Dr. Pierce's Golden Medical Discovery has had a wonderful sale and the cures resulting from its use are numbered by thousands. It is a tissue-builder, better than cod liver oil because it does not sicken the stomach, or offend the taste. It strengthens or renews the assimilative or digestive processes in the stomach and puts on healthy flesh when the weight of the invalid is reduced below the normal.

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pellets cure biliousness.

HALLOWEEN TRAGEDIES.

Roy Lindsay, aged 27 years, and married, is dying and seven other young men are nursing shot wounds which they received Monday night during a Halloween lark at Smith's Creek, near Port Huron, Mich. The young men, accompanied by several others who were not wounded, had gone to the farm of Joseph Lambert, who, it is claimed, threatened previous to Halloween that any pranks attempted at his expense would be severely punished. The young men had just stepped through his gate, it is alleged, when Lambert and his three hired men fired on them with shotguns from behind a straw stack. Lindsay fell fatally wounded, and the other seven dropped to the ground with shot wounds in various parts of their bodies. It is believed that the farmers when they fired failed to realize that the young men were near enough to be seriously injured by the shot.

As the climax of the Halloween prank William Sears, 33 years old, was mistaken for a thief early yesterday and was shot in the back and instantly killed by Policeman Nicholson Smith. Sears and Frank McKune, 14 years old, was passing through an alley when they were seen by the policeman. They carried between them a basket. Calling to the men to halt, the policeman says they paid no heed to him. After repeated calls Smith fired and Sears fell, while his companion disappeared down the alley. McKune was arrested shortly afterward. He said that he and Sears had been playing Halloween pranks in the neighborhood, but he failed satisfactorily to explain why he ran after called upon to halt.

During the Halloween celebration at Vandergrift Heights, near Greensburg, Pa., Monday night Roy Salsgiver, a prominent young man, was shot and instantly killed by a man named Charley Manilla, with whom he had an altercation. Manilla was arrested.

David Dewar, aged 16 years, was accidentally shot through the head and Samuel McCoy received a bullet through the back of his neck Monday night while engaged in Halloween pranks in Chester, near Liverpool, O. Dewar is dead and McCoy's condition is critical. A party of boys out celebrating were firing at trees and the bullets glanced, hitting Dewar and McCoy.

Howard Garrison, 11 years old, was shot and probably fatally wounded while participating in a Halloween celebration at Princeton, N. J. A crowd of youths were making a demonstration in the street, when a window nearby was raised and three shots were fired into the gathering. Charles Green, a negro, has been arrested on suspicion.

Tries to Kill His Judges.

A great sensation was caused Monday by the shooting of two judges in the Court of Cassation at Bucharest, and the escape of a prisoner. The prisoner was a notorious criminal named Constantino Maracineanu, who was sentenced to 12 years imprisonment. No sooner had he heard the sentence than he produced a revolver and fired three shots at the judge and his two assistants, one of the latter being wounded. Gendarmes and public scurried pell-mell from the court, and Maracineanu, leaping from the dock, rushed toward the judges, and again fired as they fled from the bench, wounding Judge Kicu. Brandishing the weapon, he ran into the street, and, leaping into a cab, compelled the driver to whip his horse into a gallop under penalty of being shot. Two gendarmes who ran after the carriage were fired at by Maracineanu, but escaped injury. One of them finally stopped the horse and the other grappled with the criminal, but received a blow on the head from the revolver butt and fell senseless to the ground. Fortunately, Maracineanu's supply of ammunition was exhausted, and the other gendarme attacked him with his sword and disabled him. He was conveyed back to the court, and the judge who was not injured increased the sentence to imprisonment for life. It is not known how Maracineanu became possessed of the revolver.

Dead on Roof of Bank.

James Hendrix, aged twenty-two, one of the most prominent young men of Montgomery, Ala., was found dead early yesterday morning on the roof of the American National Bank building with a set of burglars tools lying near him. He was killed while trying to cut an electric wire. It is probable that others may be implicated. Hendrix was dressed in his militia uniform, and his citizen's clothes were found at the armory of the Montgomery Grays. A complete set of burglars' tools was near him, and on Hendrix's person were nitroglycerine, dynamite, fuses, a glass cutter, and a pistol. The coroner's jury returned a verdict of death by electricity. Hendrix on Monday was seen in company with a strange man, who had been spotted during the day by the chief of police. This man is believed to have been an expert burglar, who, in some way, had secured the confidence of Hendrix. The dead man was familiar with the bank building, and intimate with the bank's officials. Young Hendrix was formerly a student at the Polytechnic Institute, in Atlanta, where he was

popular and well known and liked by the faculty and students.

Pope Suffering From Gout.

Pope Pius, who for two days has been slightly indisposed, was yesterday visited by Dr. Lapponi, who found that the pontiff was suffering from an attack of gout and rheumatic pains in the legs, the latter caused by sudden changes in the weather. Dr. Lapponi advised complete rest, and the Pope reluctantly consented to the cancelling of all audiences that he had fixed for the next two days. He insisted, however, upon celebrating mass, as, that being All Saints' Day, he said it would afford him the greatest satisfaction. The only persons who were permitted to attend this religious function were the Pope's private secretary, Monsignor Bressan, and his personal valet. The Pope's sisters, who are living in Rome, hastened to the Vatican when they heard of their brother's illness, and persuaded him, much against his will, to go to bed. When the sisters left they were completely reassured by the statement of Dr. Lapponi that the Pope would soon be better.

Mothers Praise It.

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure for coughs, croup and whooping cough. A. L. Spafford, postmaster of Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her and I cannot praise it too highly." One minute Cough Cure relieves coughs, makes breathing easy, cuts out phlegm, draws out inflammation, and removes every cause of a cough and strain on lungs. Sold by all druggists.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that it they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co., druggists.

Recovered Speech and Hearing.

Messrs. Ely Bros.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town. L. G. Brown, Granger, O.
